Cambridge Biomedical Campus

The University of Cambridge School of Clinical Medicine (the Clinical School) is located, along with the Cambridge University Hospitals NHS Foundation Trust sites of Addenbrooke's and Rosie Hospitals, on the Cambridge Biomedical Campus.

The Cambridge Biomedical Campus lies to the south-east of Cambridge City Centre, just off Hills Road (which becomes the A1307 to Haverhill), and near to Long Road and Queen Edith's Way. It is a short bus trip from the Railway Station and the City.

Limited parking is available at the **Patients' and Visitors' Main Hospital Car Park (Car Park 1)**, however charges apply. Cambridge Park & Ride is a popular option for those visiting the site and the hospital is also only a 5-10 minute taxi ride from Cambridge Railway Station.

If you are arriving by bus the bus station (bottom right on the map) will be your nearest stop. If you are arriving on the "A" bus service (the guided bus) the nearest stop is Outpatients. For those arriving by car, park in car park 1, exit the car park via the covered walkway and the clinical school is at the end of the ramp on the left hand side, across the road.
